

Olive the World

Project Pitch

Zachary Ciappa, Ella Jacinto, & Sabrina Shi

About the Project

- In Olive the World, you will be playing as an olive traveling to different countries in the search of becoming the world's greatest chef
- In order to achieve this, you must pass the tests proposed by master chefs in three countries

Olive's Journey

Italy

Inspired by Pipe
Mania

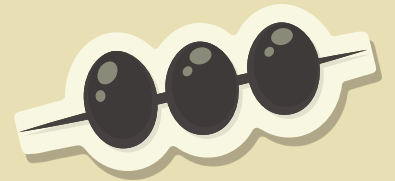

Philippines

Inspired by Crossy
Road

Mexico

Inspired by
Whack-a-Mole

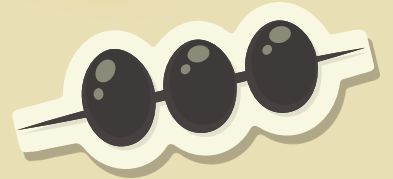

Why?

- We noticed a lack of web games catering to children curious about diverse cuisine throughout the world
- Olive the World is aimed at spreading joy and culture throughout the world

Technical Information

- We will be using Phaser to create the game
- The code will be run through VS Code
- Progress will only be saved locally, so the focus of the project will be front-end work

Project Timeline

01

Setup & Research

VM setup, become familiar with JavaScript & HTML, research similar games/mechanics

02

Core Mini-Game Development

Build foundations for each game, player controls, win/lose conditions, etc

03

Gameplay Systems & Progression

Implement coin collection, difficulty levels across games, etc

04

Visual Design

Create final designs for sprites, backgrounds, and user interface

05

Polish & Playtesting

Replace placeholders with polished art, deal with bug fixes and performance issues

06

Finalization

Add intro/tutorial and ending sequences, sound and music, GitHub Pages deployment

Philippines Game

- Modeled after the game “Crossy Road”
- Players use arrow keys to move the olive while avoiding vehicles, as well as water hazards
- Collect lumpia ingredients to successfully complete the level and make lumpia

Italy Game

- Modeled after the game “Pipe Mania”
- Consists of five levels to connect rigatoni noodles to a plate
- The sauce will be the “water”
- You must pass all five levels to earn your Italian badge

AI rendered image

Mexico Game

- Whack-a-Mole game
- The player must hit the pinatas to get candy
- Avoid hitting the chili bombs
- Get enough candies to pass the level

How to Win

- After each country you visit, you earn a badge when you complete the proposed task
- Once you have earned all of the badges, you complete the game
